

PAGB Competitions

The following PAGB competitions take place each year:

PAGB Inter Federation Competitions

Each of the 15 federations submits an entry, the number of images being one third for prints and 50% for Slides/PDI of the number of affiliated clubs in the federation at the previous 31st December. The SPA has 48 affiliated clubs so will submit an entry of 16 images for each of the Colour and Monochrome print competition and 24 images for the Slides/PDI competition

Images, prints or slides/PDI, are submitted as an entry by each federation and these competitions are hosted in turn by the federations.

It will next be the SPA's turn to host the print competitions in 2015 and the Slides/PDI competition in 2021.

The Print competition takes place in June and the Projected Image Competition in October.

Images will be drawn from all SPA member clubs and SPA Selection Committees will select our panels for entry from the images submitted.

Print Competitions 2010 hosted by Yorkshire PU – Closing Date 1st June 2010
Monochrome Print Competition – Keighly Trophy- Selection 5th June 2010
Colour Print Competition – Stirling Trophy - Selection 5th June 2010

Slides/PDI competition 2010 – hosted by NEMPF closing Date 1st October 2010
Arthur Downes Trophy – Selected 9th October 2010

PAGB Inter Club Competitions

These competitions require individual clubs (2 from each of the 15 federations plus the previous years top 4 clubs) to actually attend and compete as clubs.

PDI Club Championships – Warwick - July 17th 2010
Print Club Championships – Connah's Quay – 23rd October 2010

The SPA needs to decide on a selection process to decide which clubs will represent the SPA

Great British Cup Competitions

National competitions open to ALL affiliated clubs who submit their entries directly. There is no direct Federation involvement.

There are 3 sections :

Open

Small Clubs

Natural History

Closing date for entries this year is 15th November 2010

The rules for all these competitions can be downloaded from the PAGB website
